Con le proprie creazioni Aerre Italia, design by Andrea Arena crea un nuovo stile dell'abitare: un "design da vivere, da indossare e respirare". Grazie ad un gioco di armonici rimandi tra emozioni estetiche, tattili e funzionali, Aerre Italia coinvolge tutti i sensi consentendo di godere spazi personali in cui trova spazio un'esperienza giornaliera di "comfort" nella quale celebrare il ritrovato contatto con se stessi.

With their own creations Aerre Italia, design by Andrea Arena creates a new style of living: a "design to live, to wear and breathe". Thanks to a game of harmonious references between aesthetic, tactile and functional emotions, Aerre Italia involves all the senses allowing you to enjoy personal spaces in which to find a daily experience of "comfort" and celebrate the rediscovered contact with oneself.

A travers les propres créations Aerre Italia, design by Andrea Arena crée un nouveau style de vie : un « design à vivre, à porter et à respirer ». Aerre Italia crede che innovare significhi soddisfare sogni e anticipare bisogni: non solo inventare nuove soluzioni stilistiche o progettuali per l'interior design e per il benessere, ma anche rispettare l'ambiente, con nuove tecnologie, nuovi processi produttivi, nuovi materiali.

Aerre Italia believes that innovating means satisfying dreams and anticipating needs: not only invent new stylistic solutions for the interior design and for the well-being, but also respect to the environment, with new technologies, new production processes, new materials.

Pour Aerre Italia, innover signifie réaliser des rêves et anticiper des besoins : ce n'est pas seulement inventer de nouvelles solutions stylistiques ou de projets d'intérieur et pour le bien-être, mais c'est aussi le respect l'environnement, avec de nouvelles technologies, de nouveaux procédés de production, de nouveaux matériaux.

I progetti Aerre Italia nascono dalla libertà creativa di Andrea Arena e dal suo tratto sempre originale, con una passione per gli oggetti che si liberano dalla funzione codificata e prescritta per reinventarsi a nuovi usi: prodotti empatici, amichevoli, godibili. Oggetti che migliorano la vita delle persone.

Aerre Italia projects are born from Andrea Arena creative freedom and its always original trait, with a passion for objects that free themselves from the encoded function to be reinvented to new uses: empathic, friendly products, enjoyable. Objects that improve people's lives.

Les projets Aerre Italia sont nés de la liberté créative d'Andrea Arena et de sa vision toujours originale, avec la passion pour les objets qui se démarquent des formes conventionnelles et prescrites pour se réinventer au travers de nouvelles fonctions : des produits empathiques, conviviaux et agréables. Autrement dit, des objets qui améliorent le quotidien.

Leggerezza e matericità, pieni e vuoti: un ricercato gioco di opposizioni crea un ritmo visivo dal forte appeal. Yellow disegna la leggerezza con la sua caratteristica struttura metallica. Una presenza originale e distintiva dove i solidi vengono stemperati dallo slancio dei piedini dalle linee stilose.

Lightness and materiality, solid and voids: a refined game of oppositions creates a visual rhythm with a strong appeal. Yellow draws lightness with its characteristic metal structure.
