COMMERCIAL

collection 2023

# Our designs are the perfect choice to curate warm and inviting spaces.

For more than 25 years, we have been making timeless furniture and accessories manufactured from quality materials. True to our values, we have maintained our goal to produce innovative design, distinguished by authenticity, simplicity and quality.

We rely on our unique expertise to produce singular designs ready to complement and enhance the routines of daily life, durably. We create collections for every room or space: from the furniture that defines the purpose of an area to the objects that layer it with meaning.

Today, the Ethnicraft collection offers a wide range of pieces: products that are specifically crafted to be functional, flexible, beautiful and longlasting — the perfect choice to curate an inspiring space.

214 How to care for our products

# Icons you may come across in this catalogue

Oiled

The items marked with this icon are finished with a natural oil. Visit pages 214-217 for more information on how to take care of our oiled furniture.

Varnished

The items marked with this icon are finished with varnish. Visit pages 214-217 for more information on how to take care of our varnished furniture.

Brushed

The items marked with this icon are brushed. This finishing gives our furniture more depth. The rougher surface highlights the grain of the wood.

Natural

The items marked with this icon come without any finishing or protective treatment applied to the surface. A natural finish enhances the inherent beauty of the material but can require more maintenance. Visit pages 214-217 for more information on how to take care of our natural wood furniture.

Forest  
Stewardship  
Council®

The items marked with this icon carry the FSC® label. Visit page 13 for more information on the organisation that promotes responsible management of the world's forests.

# Ethnicraft Contract & Trade

---

Together with interior designers, architects, real estate developers and office and hospitality professionals, we create inspiring spaces.

# 01

## About

At Ethnicraft, we design, manufacture and distribute timeless furniture and handcrafted accessories. Found in commercial and residential projects around the world, we pride ourselves in making high quality and sustainable solid wooden items that withstand trends and the test of time. Perfectly suited to the contract market, our collection offers a solution for every project.

Whether it's in an office, where warm and natural materials will foster a sense of calm and creativity. Or in a hotel, evoking a feeling of 'home' within rooms, or providing a sense of connection for guests in the lobby. Even in a restaurant or bar, our seating and dining furniture can uniquely enhance the experience of the space.

Our collections form the essence of what we believe is good design: pieces full of character, made from quality materials that age beautifully.

# 02

## True partnerships

Benefits specifically suited to Contract & Trade professionals are offered via our Partnership Programme and Partner Portal.

With our Partnership Programme, we can develop valuable and long-standing relationships with professionals. The Programme offers you a range of specialised benefits and conditions.

Via our dedicated service for professionals, the Partner Portal, you have 24/7 access to real-time stock levels, quotes with directly applied trade conditions, order entry and management, and customer service.

# Custom solutions

## PROVIDING PERSONALISED SUPPORT THROUGHOUT EACH STEP OF THE PROCESS IS OUR ULTIMATE GOAL

With design experience and logistics expertise, our dedicated team will ensure every aspect of the process is seamless — from selection to delivery, installation and budget.

Warehouses in both Europe and North America mean our products are held in stock and ready to ship.

With our in-house high-quality craftsmanship, we can also produce custom adaptations at scale to our catalogue items to meet your project's needs, allowing you to tailor specifically to the identity of a project.

From concept and planning to manufacturing and distribution.

04

We make a wide range of helpful resources available to you. Whether it be a detail product shot alongside the inspiring lifestyle product image, or in-depth care and maintenance instructions for ongoing client support, we have the resources to assist.

# Our sustainability commitment

We believe that durability and sustainability start with choosing the right quality material.

As a vertically integrated company, we know we are in a unique position to contribute to a sustainable shift in the industry.

From design to the sourcing of raw materials, packaging and testing, we pay great attention to environmental protection and consumer safety throughout the product-development process. As a company, we work to minimise waste and close the loop toward circularity. Together with our partners, we strive to do our humble share.

Just as society and the industry evolve, so do we. We know there is no finish line in this journey and continue our efforts to constantly improve our products and operations.

## DURABILITY BY DESIGN

We pay particular attention to the quality of our products, not only during the development stage, but throughout the entire life cycle. We believe that durability and sustainability start with choosing the right quality material, and wooden products are particularly suited for refurbishment.

Our team is always available to advise on how to care for products and thus extend their lifespan, as well as how to repair them. When developing new products, we consider repairability at the earliest design stage. Where possible, we provide spare parts to further extend the life of our products.

## THE ORIGIN OF OUR WOOD

The ultimate noble and renewable material, all our wood is sourced from responsibly and carefully managed forests compliant with the EU Timber Regulations and the Forest Law Enforcement, Governance and Trade (FLEGT) Action Plan. In addition, our wood sourced from Indonesia is verified under the Indonesian Timber Legality Assurance System (SVLK).

Our teak collection includes products certified as FSC® which are clearly labelled in the catalogue. Finally, we carry the FSC® CoC (Chain of Custody) certification of our distribution centres.

## FOCUS ON QUALITY

Producing furniture and accessories at the highest quality, strength and safety is extremely important to us. Our internal protocols are based on the standards set by ANSI (American National Standards Institute) and BIFMA (North American Business and Institutional Furniture Manufacturers Association).

Moreover, specific products within our collections are certified by independent external facilities in order to meet the European requirements for contract-grade use. Products also meet specific requirements based around ecological and health regulations such as toxic substance use and flammability.

## WASTE REDUCTION AND CIRCULARITY

We want to remain as environmentally friendly as possible, working to reduce waste from the earliest design stage. With this principle, we design to reduce or reuse as much scrap wood as possible. Production waste such as leftover logs, wood and sawdust are reused for other purposes.

With full control over the (re)design, production, distribution, refurbishing and recycling processes, we are developing a vision for sustainability based on designing for circularity and lengthening product lifespans.

Tribeca

workspaces to  
create, connect,  
flex, focus, unwind

Overlooking the Botanical Garden in Europe's capital, the Belgium-based real estate management firm, Tribeca Partners, is gifted with beautiful views that extend beyond the office walls. This relationship between interior and exterior is intentional; connecting the workplace with the environment in which it is located is essential.

**LOCATION: BRUSSELS**  
**SECTOR: WORKSPACE**  
**DESIGNER: SOPHIE THIELEMANS**

Modern workdays have taken on a very different form. A variety of spaces are needed for a wide range of tasks; flexibility to shift and flow with the callings of worklife is essential. Tribeca's offices have taken this philosophy and brought it to fruition in a clever, practical, functional and dynamic way.

The open floor plan encourages connection between colleagues. Dedicated workstations have been replaced with mostly flex spaces. Large, comfortable sofas are designed to foster a collaborative environment, and the work café provides a space where teams are welcome to enjoy a coffee and connect.

# Gimber

an aesthetically  
beautiful environment  
that still honours  
the original attributes

Originating as a small-scale backyard start-up, Gimber's fast success meant the need for more space to accommodate the rapidly growing team. A brand built on the premise of approaching things differently, in a manner to counter the boredom of everyday options and rejuvenate the senses, the approach towards the Gimber headquarters follows that same concept.

The new workspace is a beautifully restored former parachute manufacturing facility, where in each space — from meeting rooms to breakout and private desk areas — plenty of light percolates through the large window frames.

**LOCATION: BRUSSELS**  
**SECTOR: WORKSPACE**  
**DESIGN: SYLVIE SCHOLLIER &  
DIMITRI OOSTERLYNCK**

03

# Public Space

Located in a residential tower in Amsterdam-Noord, an area known for its lively culture, Public Space offers a unique all-day experience.

The goal of Co-Founder David Gillies and his business partners Jacco Verburg and Menno de Geest was to create a playful and fun space where guests could enjoy good food and drinks while surrounded by beautiful, quality design. The Noord area is ripe with art galleries, green spaces and trendy restaurants, and Public Space's clean, homey interior reflects the eclectic vibe of the neighbourhood.

## furniture for all kinds of dining

"We want our place to be playful, we want it to be fun, but we also wanted it to be of very high quality. We want a place that is somewhere we want to enjoy the kinds of drinks and the kinds of things to eat that we like. Beauty is a very important part of hospitality," said David Gillies, Public Space co-founder.

**LOCATION: AMSTERDAM**

# 04 Laurent Gerbaud Chocolatier

**LOCATION: BRUSSELS**  
**SECTOR: RESTAURANT**

Laurent Gerbaud owns boutique cafés and ateliers throughout the Brussels region. Not the kind of person to compromise on quality, Gerbaud carefully sources ingredients from the best suppliers in the world. The same expectations go with the atmosphere of his cafés, where he consciously opts for timeless designs, in materials such as solid wood, to curate a warm and authentic space. Just like his chocolates, the café emanates his unique approach and personality, creating a holistic experience.

no compromise  
on quality

# 05 The Study

custom fittings that  
seamlessly combine  
classic and contemporary  
design elements

Enriching the experience for campus guests, Study Hotels seamlessly combine classic and contemporary design elements. The warm, modern atmosphere captures the character and essence of campus life, immersing and inspiring guests with its ever-evolving surroundings.

With comfort, quality and function serving as a guide, Study Hotels chose to custom-integrate Ethnicraft's warm woods with natural materials and neutral accents into each guest room. Ethnicraft's use of natural materials also extends the longevity of each piece, a reflection of Study Hotels' mutual commitment to value and sustainability.

06

boutique accommodation  
incorporating qualitative and  
luxurious materials

At 23, Jérôme de Troostenberg followed his dreams and built a tiny house in Belgium. Not deterred by the challenge, he chose to work only with qualitative and luxurious materials. The result is a fairy tale cabin, located near a small lake in the Flemish forest.

With a cosy interior surrounded by nature, it's the perfect environment for couples looking for a romantic getaway. An impeccable setting to pause and enjoy the moment or go for an invigorating hike in the area. The cabin is well-equipped to offer the best of simple living without compromising on comfort.

28" × 21.5" × 16"

### JACK OUTDOOR ADJUSTABLE LOUNGER RAINCOVER

waterproof, UV stabilised and frost-resistant PU-coated textile

19974 216 × 84 × 34 cm  
85" × 33" × 13.5"

# How to care for our products

## About natural materials

The beauty of natural materials lies in its peculiarities and imperfections. That is what separates true beauty from the artificial. Variations in wood grain and colour, knots, medullary rays and other natural characteristics are inherent in solid wood. These are far from flaws, but an intricate part of its character. Natural stone can also have minor pitting or surface fissures. We believe that these imperfections contribute to the charm of Ethnicraft products.

Wood, like any other natural and porous material, continues to absorb and release humidity throughout its life. Although Ethnicraft designs furniture that adapts well to the hydrometric conditions of its environment, some cracking or movement may occur. Please do not be alarmed, this is a normal response to the furniture's environment.

### **TIMELESS DESIGN**

All our designs are intentionally timeless. They withstand trends and associate well with different styles, and they can be moved from one space to the next, carrying over the stories of one lifetime into another. Our collections go back to the essence of what we believe is good design: pieces full of character, made from quality materials that age beautifully.

### **CRAFTSMANSHIP**

Outstanding craftsmanship is at the core of our brand, and behind the simplicity of our pieces lies a constant drive for innovation. Incorporating advanced techniques to our process of creation, each new design is revised and reworked to the last detail: every curve, texture and line reflect our design values.

## General care & maintenance tips

- Recommended humidity in the room for interior products: between 40% and 60%.
- Ideal room temperature: between 21°C/70°F and not below 14°C/57°F.
- To prevent colour differences, do not place furniture or accessories in direct sunlight, and move objects placed on the furniture from time to time. Open extendable tables on a regular basis.
- Avoid exposure to extreme conditions: do not place furniture or accessories near heating sources or air-conditioned spaces.
- To prevent staining, we recommend that any spills are removed immediately.
- When cleaning the surface, always work in the direction of the wood grain.
- Use placemats and/or coasters to prevent hot pots and pans, or cold glasses and bottles, from damaging items.
- Do not drag the furniture along the floor; always lift the furniture when moving.
- Always ensure water and solutions used to clean the floor do not come into contact with the furniture's base, as it might leave permanent marks.
- Indoor products are not intended for outdoor use. An outdoor product will always indicate so in its name.
- Last but not least, we always recommend to carefully read the care instructions specific to your item.

## All woods, hard surfaces & materials

### REGULAR CARE

For dusting, use a dry cloth. For cleaning, or in case of a spill, use a damp cloth and natural soap. Wipe in the direction of the grain. Do not use soap containing detergent or other chemicals. Dry with a soft, clean cloth to prevent spotting.

It is always recommended to protect any surfaces with coasters, mousepads or placemats. Repetitive daily use or heat can damage the finish. Always move objects such as flowerpots, vases, etc. from time to time. Ensure any excess water or dampness is wiped dry immediately to prevent marking the surface.

## Upholsteries & soft furnishings

Do not wash unless clearly indicated on the label attached to the item. Machine or hand washing (even at a low temperature) may lighten the colour and shrink the fabric. Pilling is the result of excess fibre on the fabric, or from external sources. This is not a defect but a characteristic of many textiles.

For our leather items, many of the hides used are left in their purest form. This means there is little or no surface treatment, allowing for the unique natural beauty of each hide to come through.

### TO UPHOLSTERIES IN OPTIMAL CONDITION, WE RECOMMEND:

- Removing pilling by using an antipilling machine.
- Avoiding placing item in direct sunlight.
- Dusting or removing crumbs by wiping down upholstery with a clean cloth or soft brush. Do not rub.
- Avoiding using a vacuum cleaner. If you do use one, select the lowest suction and use a soft upholstery attachment.
- Treating spills immediately. Blot up as much of the spill as possible with a clean, dry, white cloth. Do not rub.
- Treating stains by using a clean, slightly damp white cloth, blotting from the outer edge to the centre of the stain.
- Avoiding chemical products on your upholstery.
- Reviewing the care label or leaflet specific to your item.

## Outdoor

Ethnicraft's Outdoor collection is designed to adapt well to a range of environmental conditions. The high density of teak wood means it is an excellent choice for outdoor use.

Our natural teak range comes without any finish or protective treatment. Over time, untreated furniture will grey with prolonged sun and rain exposure. This colour change is completely natural and purely superficial; it does not impact the strength or quality of the timber.

Our black teak range is brushed and varnished with colour taint applied. This finish has been specifically developed to withstand natural elements such as severe high and low temperatures and UV light, as well as moisture and humidity.

While no additional treatment is required on any outdoor teak product, you can choose to apply a specialised teak cleaning product to remove any dirt buildup from items.

To protect natural teak against stains and green deposits, and slow the grey patina process, you can use a teak protector.

### OUTDOOR UPHOLSTERY & FABRICS

Ethnicraft Outdoor fabrics are water-repellent, UV resistant, hypoallergenic and maintenance-friendly.

Clean with clear water and a natural soap. Covers are machine washable up to 30°C/86°F.

All cushions are inserted with a long-lasting, all-weather quick-dry foam.

To keep your Ethnicraft Outdoor furniture in optimal condition, we suggest fitting our custom-made raincovers during seasons when it is not in use, or during periods of bad weather

Due to the handcrafted nature of our products, each item will vary slightly. We consider this a sign of uniqueness and quality.
